REQUEST FOR EXECUTION OF FORM PTO-1449 OF IDS FILED OCTOBER 10, 2003

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

BACKGROUND

Applicants have undertaken successive steps to assure that a Japanese published application JP 64-47154 (JP '154) and both an Abstract and a complete English language translation of same be made of record herein.

FIRST IDS

A first IDS, filed August 6, 2003 with a related RCE, supplied a copy of JP '154 and an English language Abstract thereof. (Copies enclosed as Exhibit A)

A Notice of Allowance, mailed August 25, 2003, provided an initialed and signed copy of the related Form PTO-1449. (Copy enclosed as Exhibit B)

SECOND IDS

Applicants wished to obtain consideration of a complete English language translation of JP '154 and accordingly a second (Supplemental) IDS supplying same was filed on September 10, 2003 (Exhibit C).

A Communication from the Examiner, mailed March 24, 2004 supplied (undated) Paper No. 17 attaching a copy of the related Form PTO-1449, initialed and signed and dated January 29, 2004 (Exhibit D).

THIRD IDS AND SUBSEQUENT RCE

It appears that applicant's attorney as of that time, Ms. Gilsdorf, was concerned that the Supplemental (second) filed September 10, 2003 IDS may have been incorrectly filed.

Accordingly, attorney Gilsdorf filed a third IDS with a complete English language translation of JP '154 on October 10, 2003 (Exhibit E). It appears applicants attorney Gilsdorf was concerned about the adequacy of this filing.

Hence, an RCE was filed October 29, 2003, expressly citing the IDS filed October 10, 2003 as the required "submission" under 37 CFR § 1.114. (Copy enclosed as Exhibit F)

A Notice of Allowance and Issue Fee Due, mailed June 2, 2004, stating that it is responsive to the RCE filed October 29, 2003, explains at page 2, item 2, that the IDS filed October 10, 2003 fails to comply with various provisions of the CFR and MPEP because:

...[T]here is no certification under 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered as to the merits.

The statement further asserts that the effective date of any resubmission of any information contained in that IDS or the submission of any missing elements "will be the date of submission for purposes of determining compliance with the requirement..., including all certification requirements for statements under 37 CFR 1.97(e). (Copy enclosed as Exhibit G).

REQUEST

Applicants respectfully request that the Examiner reconsider the status of the IDS filed October 10, 2003 (Exhibit E).

The first IDS supplying the Japanese published application JP '154 provided the requisite certification under 37 CFR 1.97(e) therefore--and consideration of same along with the concurrently filed Abstract was confirmed by the Examiner's execution of the related Form PTO-1449. (Exhibits A and B). Hence, no further certification of the basic document of JP '154 was necessary.

The second IDS supplied a complete English language translation of JP '154 and consideration was confirmed by the Examiner by executing the related Form PTO-1449 (Exhibits C and D).

The third IDS and subsequent RCE were filed out of an over abundance of caution by Ms. Gilsdorf--and whether or not redundant, clearly, there is no basis for the Examiner to refuse consideration for same because of any lack of certification under 37 CFR § 1.97(e).

Accordingly, applicants request that the Examiner sign a copy of the Form PTO-1449 of the IDS filed September 10, 2003 (Exhibit E), taking further into account the RCE filed October 29, 2003 and return same to the undersigned; a copy of the Form PTO-1449 is separately attached hereto for convenience of the Examiner.

Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))..... \$665.00
By other than a small entity..... \$1,330.00

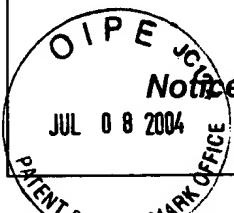

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))..... \$240.00
By other than a small entity..... \$480.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))..... \$320.00
By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-7 is the inclusion of the limitations wherein the communication control device dynamically assigns the part of the protocol layer functions to each of the layer control devices and wherein the layer control devices supporting the respective part of the protocol layer functions perform respectively assigned processing tasks in sequence. The primary reason for the allowance of claim 8 is the inclusion of the limitations dynamically assigning the protocol layers to the respective layer control devices and performing operations of the assigned protocol layer by the layer control devices in sequence. These limitations are listed in there respective groups of claims. No prior art references included this limitation and it is seen as being nonobvious. This statement of reasons for allowance is based on the amendment, Paper Number 7 that was received on March 14, 2003.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-7 is the inclusion of the limitations wherein the communication control device dynamically assigns the part of the protocol layer functions to each of the layer control devices and wherein the layer control devices supporting the respective part of the protocol layer functions perform respectively assigned processing tasks in sequence. The primary reason for the allowance of claim 8 is the inclusion of the limitations dynamically assigning the protocol layers to the respective layer control devices and performing operations of the assigned protocol layer by the layer control devices in sequence. These limitations are listed in there respective groups of claims. No prior art references included this limitation and it is seen as being nonobvious. This statement of reasons for allowance is based on the amendment, Paper Number 7 that was received on March 14, 2003. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

2. The information disclosure statement filed 10/10/2003 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because there is no certification under 37 CFR 1.97(e). It has been placed in the application file, but the information

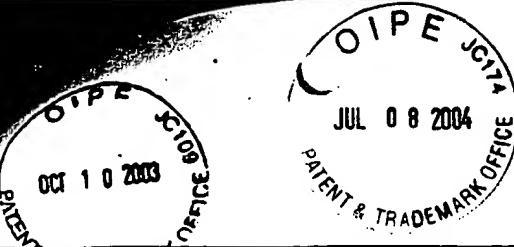

referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).
